TWENTY--FIFTH 1927 ANNUAL CATALOG

The Wisconsin Nurseries

W. J. MOYLE & SONS

UNION GROVE - WISCONSIN

UNITED LITHO. & PR. COS., ROCHESTER, N. Y.

LATHAM RASPBERRY

This is the most wonderful raspberry that has been introduced in twenty years. A good, healthy grower, absolutely hardy everywhere and produces enormous crops of the largest berries, often measuring an inch across. Do not fail to plant it. Fine plants 15c each, \$1 per 10, \$8 per 100.

THE GREAT MONITOR PLUM

A Japanese crossed with the native plum. Certainly a dandy. Equal to a California plum in quality. Delicious to eat out of hand or to preserve and tree is absolutely hardy any where in Wisconsin or Minnesota. If you want plums, plant Monitor. Best of the Wonderful Minnesota New Plums.

W. J. MOYLE & SONS—The boys you are dealing with.

TWENTY-FIFTH ANNIVERSARY

MOTHER AND RUTH
Two important members of the firm

Dear Friends:

The Wisconsin Nurseries are located in the Village of Yorkville, four miles north of the City of Union Grove, in Racine County, Wisconsin. Here, the original owner, Walter Moyle, was born, in the year 1870, on the old Moyle Homestead, that has been handed down to him through two generations; his grandfather, Dr. Thomas Moyle, being a pioneer settler, hailing from Cornwall, England, in the early forties. Mr. Moyle attributes his horticultural bent of mind and inclinations chiefly to the maternal side of his family, as his mother's people were largely engaged in horticultural pursuits as far back as the days of the Revolutionary War. Here, from a small beginning, when as a boy of 12 years, he grafted his first apple trees, he has had the satisfaction of watching the ever-increasing growth of his business up to its present proportions. "Wisconsin Nurseries" now being a household word in thousands of homes where good gardens and orchards abound.

Conditions and Terms

Order at Once. Make sure of getting what you want by ordering early.

Terms Cash or C. O. D. The prices given in this catalogue are for quantities named, and cancel all previous quotations.

Shipping. We make no charge for packing, boxing, etc., and all stock is delivered to forwarders in good order, properly labeled and correctly packed. Freight and express charges are in all cases paid by the purchaser.

Plants by Parcel Post. Gooseberries, currants, raspberries, blackberries, strawberries, grapes, shrubs, roses, peonies, and vines, in limited quantities, can be cheaply sent by parcel post. The Wonderful Minnesota Plums

Fine Trees

	Each	10	100
4 to 5 feet.....	\$0.60	\$5.50	\$52.00

We are glad we can offer you this season, these remarkable creations of the Minnesota Fruit Breeding Farm. Produced by crossing the Native Plums with the Japanese variety.

Monitor—Of largest size and most delicious quality; annual bearer and perfectly hardy on tree.

Red Wing—Another dandy, delicious to eat and preserve and a fine market sort.

Terry—Our best Native Plum. Early abundant bearer, delicious to eat out of hand.

Underwood—The earliest of all these beautiful plums, ripens in early August. Early and abundant bearer of large fruit; the equal of the best California plums.

Zumbra Cherry—Unique and in great demand, fruiting on trees two feet high in the nursery.

Compass Cherry—Valuable in the extreme north; very hardy

PROF. HANSEN'S NEW PLUMS

We have fruited these wonderful plums on our grounds and can truthfully say they are the most remarkable creations in fruits of the present day.

Hanska, with its beautiful appearance, high color and rich fragrance and flavor, is a real acquisition.

Opata is a cross between the Sand Cherry and the Gold Plum. Bears the second year; fine quality and as hardy as a willow.

Sapa much like a large Ox-heart cherry, dark flesh and juice. Fine quality. Five-foot trees at three years bear 1 to 1½ bushels, and keep it up. Every home in the country should possess from one to a dozen of these wonderful trees.

Waneta—Best of Hansen's Hybrids; good thrifty grower; very hardy. Fruit very large and of finest quality.

EUROPEAN PLUMS

German Prune—Large, dark purple, good.

Lombard—Medium, violet, red, juicy, good, hardy and productive, the leading market variety.

Reine Claude—(Bavey's Green Gage)—Very large, greenish, fine flavor.

Crawford Early

Rochester

Peaches

The Peach is one of our most delicious fruits. By many the tree is considered tender, and the crop uncertain in this latitude, but it is remarkable how many people raise peaches successfully by selecting hardy varieties and by planting in sheltered locations. The list here offered contains the very best for hardiness and quality. Plant in rich soil.

	Each	10	100
4 to 5 feet.....	\$0.40	\$3.75	\$35.00

Champion—A large, handsome early variety, creamy white with red cheek; sweet, rich and juicy. Hardy and productive. August.

Crawford's Early—A magnificent, large yellow peach of good quality. Early in September.

Crawford's Late—A superb, large, yellow peach. One of the best. Last of September.

Elberta—Large, yellow with red cheek; flesh yellow, firm, juicy. Exceedingly prolific, sure bearer and hardy. The leading market variety. Follows Early Crawford.

Rochester—One of the hardiest, abundant bearer; medium size, bright yellow, fine quality. Middle of August.

JUNE BERRY

Success June Berries—One of our most desirable fruits for the garden. Very hardy and productive. Much like blue berries. 25c each; \$2.00 per 10.

GOOSEBERRIES

25c each. \$2.25 for 10, \$20.00 per 100

Carrie—Is extremely vigorous and healthy in foliage, and promises good. Of fine quality and the most productive of all. The berries hang in clusters like grapes on the branches.

Chautauqua—One of the most prolific large gooseberries grown. Bush strong and vigorous, berries light yellow, free from spines and hair; veined and transparent; sweet and delicious.

Downing—Large size, oval, greenish white; plant very vigorous and hardy, with stiff, strong shoots; foliage heavy, covering the fruit from the sun, and resisting mildew; bears most abundantly and is profitable for market and home use.

Houghton's Seedling—A vigorous American sort; very productive; free from mildew. Fruit medium, roundish, smooth, of a pale red color, tender, sweet and of delicious flavor.

Kansas

Raspberries

	Each	10	100
Prices	\$0 15	\$1.00	\$8.00

Kansas—Jet black, firm and delicious, as large or larger than Gregg. The hardiest black cap known, successfully withstanding the winters.

Plum Farmer—One of the most profitable market varieties as it ripens the crop in a very short time. Berries are large size, firm, thick meated, black with a bloom similar to the Gregg. Very attractive when ready for market. Ripens just before Cumberland.

Columbian—A vigorous grower; canes often ten to fifteen feet in length and over an inch in diameter. Never suckers from the roots. Very hardy, enduring 28 degrees below zero. Fruit very large, dark red, bordering on purple; adheres firmly; rich, sprightly flavor.

Cuthbert—(Queen of the Market)—Large conical, deep, rich crimson; firm, of excellent quality. A vigorous grower, entirely hardy, and immensely productive.

Golden Queen—Bright golden yellow. The flavor is of the highest quality, pronounced by some superior to Brinskle's Orange. In size equal to Cuthbert; immensely productive; a very strong grower and hardy enough even for extreme northern latitudes.

King—Best early red. Productive.

St. Regis Everbearing Raspberry—This wonderful raspberry marks a new era with this popular fruit. We have a large planting of St. Regis and during September and October we picked crates of the most delicious berries, in fact there were berries on the canes all summer long.

Latham—This is a wonderful red raspberry. The past season on our grounds it beat all the other varieties in yield and the berries were, many of them, one inch in diameter. Cuthbert froze to the ground while Redpath came through, live to the tips.

Blackberries

	Each	10	100
Prices	\$0.15	\$1.00	\$8.00

Snyder—Extremely hardy; enormously productive; medium size; no hard sour core.

Eldorado—On account of the peculiar thick and elastic composition of the leaf of the Eldorado it stands in a class by itself. Rust or scalding sun does not affect them. If you have been disappointed in growing blackberries, take our advice and try the Eldorado. We have the true blue stock.

Ancient Briton—One of the best. This variety did the best of any on our grounds the past summer, yielding enormous quantities of delicious berries.

THREE GOOD GRAPES

Grapes

	Each	10	100
One year, first class.....	\$0.25	\$2 25	\$20.00

Brighton—Bunch large, well formed; berries above medium to large; round; excellent flavor and quality; one of the earliest in ripening.

Campbell's Early—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy, with few seeds. They ripen from the fifteenth to the last of August. As a keeper and shipper this variety is unequalled by any other American grape while as a dessert grape it is delicious.

Concord—The well known standard variety, succeeds wherever grapes will grow.

Delaware—Bunches small, compact, shouldered; berries rather small, round, skin thin, light red; flesh very juicy; sweet, spicy and delicious.

Diamond—The leading early white grape, ripening before Moore's Early. White, with rich yellow tinge; juicy, few seeds, almost free from pulp; excellent quality; above medium size, adheres firmly to the stem. Fine variety for both market and home garden.

Lindley—(Roger No. 9)—Berries medium to large, red; flesh tender, sweet and aromatic; ripens early.

Moore's Early—Bunch large, berry large, round, with heavy bloom, vine exceedingly hardy. Its earliness makes it desirable for an early market. Its hardiness particularly adapts it to Canada and the northern portions of the United States.

Niagara—Occupies the same position among white varieties as Concord among the black; the leading profitable market sort. Bunch and berries large, greenish white changing to pale yellow when fully ripe. Skin thin but tough; quality much like Concord.

Pocklington—Bush and berries large, when fully ripe a light golden yellow; juicy, tender, sweet and with little pulp. Vine thoroughly hardy, strong grower, free from mildew; productive. One of the most satisfactory white varieties.

Worden—A splendid grape of Concord type, larger, better quality and earlier. Vine vigorous; hardy and productive.

HARDY MINNESOTA GRAPES

	Each	10	100
One year, first class	\$0.30	\$2.50	\$20.00

Alpha—A fine black grape found growing wild in Minnesota; has stood 25 to 30 degrees below zero and bore a good crop.

Beta—A very hardy hybrid wild grape; fine for jellies and grape juice.

Hungarian—Much like Concord but earlier and a great deal harder; a great acquisition.

Waneta

Prof. HANSEN'S

Greatest and Best Plum

WANETA PLUM

Waneta is of American origin and much hardier than the European and Japanese varieties. Fruit of the largest size, bright red and almost freestone. Sweet and juicy. Tree is a rugged and vigorous grower, adapted to any good soil; an annual bearer. Has a marked peach flavor.

J. B. CLARK

The one red rose in a million. A very vigorous grower and hardy.
In our nurseries it is admired by all visitors.
